PRESIDENT'S MESSAGE

This evening we welcome South Melbourne to Hindmarsh Stadium for Round 25 of the Ericsson Cup. South's coach is of course Frank Arok, who has proved to be one of the NSL's all time great coaches, both at a National and League level. South will provide tough opposition as always, and I look forward to a great game tonight.

Our squad is beginning to gel, the younger boys have learned a great deal from our experienced players, and we are beginning to see signs of great football appearing on the park. I believe that, although this season has seen some disappointing results, that we have laid a foundation that will allow our team to go from strength to strength in the future. Our current aim is to ensure that we participate in this season's Finals, and if current form continues that is looking likely. Still, nothing is guaranteed in soccer and I hope that our players and supporters alike will be giving 100% for the remainder of the minor round.

We are about to success here at Adelaide City, and second best is never quite good enough. We have a great set up both on and off the field, and are renowned for our professionalism. We have been part of the National League since its inception, and have been part of soccer in this state for over half a century. Throughout this time we have enjoyed highs and endured lows, and over all we have shown that to be associated with Adelaide City means to be prepared to work very hard at creating and maintaining Australia's premier soccer club.

This year's Year Book provides a great deal of information about our current squad, management team and officials. It also includes features on days gone by, and celebrates the efforts of some of our greatest players. For those of you still to acquire a copy, my advice is to get one while you still can!

I would like to conclude this message by thanking everyone involved with Adelaide City. Whether you are a player, official, supporter, sponsor, City slicker or any one else who contributes to our great club, I appreciate your efforts.

Please enjoy the match.

SOUTH MELBOURNE

Coach - FRANK AROK

By its own high standards, South Melbourne has not had a great Ericsson Cup season so far. Form has been patchy, and results have gone against South as often as they have been in favour of Frank Arok's team. Arok is one of the League's great motivators, and I am sure that he will have his boys revved up for tonight's clash.

Dean Anastasiadis heads up a South Melbourne squad which looks like it has enough to match most teams in the competition. With a defence that includes Con Anthopoulos, alex Kuzmanovic and Mike Valkanis, South Melbourne will be a "tough nut to crack" for any opposition's attackers. Paul Trimboli will line up in the midfield, and has managed to score regularly from that deeper position already in 1995-96. Also in the midfield will be Steve Panopoulos and the experienced Mike Petersen, a great player at either end of the park. Vaughan Coveny and Agim Sherifovski will play up front, joining the impressive Iyan Kelic. Kelic, along with Trimboli, represents the biggest threat to City's defence.

South Melbourne has traditionally put teams on the park that feature great characters as well as great players. Over the years we have seen players like Doug Brown and Charlie Egan, who dominated the goal scoring in the mid 1980's. We have also seen Kimon Taliadoros, Francis Awaritefe, Oscar Cyro, Paul Wade, Bobby Russell and many others pull on the blue jersey.

South Melbourne have tasted success this year in the Johnny Walker Cup. South defeated Newcastle by three goals to one in the Final, after accounting for Marconi and Canberra Cosmos in the lead-up matches. South also won the Cup in 1989-90. South Melbourne has been Champion twice, in 1984 and 1990-1.

In Round Three of this season, South Melbourne defeated Adelaide City 2-1, substitute Steve Mangos scoring a late winner from a great free-kick. South also were successful in Melbourne in Round 15. Last season South defeated City by three goals to one at Hindmarsh Stadium, avenging a 2-1 loss to City in Round Seven.

QUICK PICKS

Last weeks awesome display against the Canberra Cosmos, proved to the other Ericsson Cup contenders that we are now ready to charge into the finals campaign. LOOK OUT FOR THE ZEBRAS. I was speaking to the midfield dynamo John Gibson after the match in regards to playing for Adelaide City. "Its the number one club in Australia, but sometimes our supporters are too quiet. We really pick up a gear when we have support and the boys love to hear all the chants. Even though we are concentrating on the game we can still hear our supporters!"

If you want to catch up with friends or make new ones, make your way into the Zebras clubrooms after the match, (under the grandstand). Come in have a chat to the players have a drink and relax, the atmosphere is fantastic.

- Franco Cardarello of NSW put his computer to good use. He calculated that at the rate that Italy's coach Arrigo Sacchi is using players to field the perfect line up, that by the year 2006, Sacchi would have used every player from serie A to serie C2.
- Last week I was fishing off the Port Hughes jetty in the Copper Triangle region, patiently waiting for a meal, when I overheard a conversation and swiftly joined in. The topic, Damian Mons world record breaking goal. The quote of the week comes from that conversation: when I saw the ball hit the back of the net, I thought that Damian was only mucking around."
- For those of you who didn't know, before the commencement of The National League Adelaide City was known as Adelaide Juventus. The name taken from the famous Juventus Football Club of Turin. The name "Juventus" a Latin word meaning youth. How's that for trivial!

Valentino Migliaccio

YOU ARE THE REF.

Adelaide City are playing South Melbourne at Hindmarsh Stadium and there is only five minutes of normal time to go. The score is 1-1 and you award a direct free kick to Adelaide City just outside the South Melbourne penalty area. Damien Mori takes the free kick which strikes the Ref and rebounds back to Damien - which he hammers into the top corner of the goal!

What a goal!

- Do you allow the goal to stand?
- What is your decision?
- How do you restart play?

Joe Mullen will play for

Mullen last night signed for City after agreeing on terms with club president Lou Ravest.

The brilliant young Para Hills striker or midfielder verbally agreed to join Adelaide City several weeks ago, but decided to delay signing until he returned from national team duty with the Youth Socceroos in Mexico.

Mullen, 18, was the only SA player in the national youth team which finished third in the Hawthorne International tournament played in Acapulco last week.

He returned from Mexico on Monday and on Tuesday told new Para Hills coach Barry Simpson of his intention to sign for Adelaide City.

Under the terms of his contract Para Hills can ask a maximum transfer fee of \$1200 for Mullen.

He said yesterday he had decided to go to City because he had been a fan of the club since he was a junior player.

"I always went to see Adelaide City play and had a preference for them and feel I will be happy with them," Mullen said.

City Slickers

Our Vice-Presidents are planning something big for this season.

If their efforts of previous years is anything to go by then we should all be in for a big surprise.

Details of the City Slickers BIG EVENT will be in the next edition of "Zebra Tales".

Fashion Parade

The Club is looking at holding a Gala Fashion Parade next year.

We would appreciate if anyone interested in helping with the planning of this event could contact Irene during office hours on 346 1055.

This could be a terrific function but to make it work we need some talented people to get involved.

THE ZEBRA'S CAGE...

Time for Glory!

Results over the past few weeks have been good. The boys must make sure that they carry on with the good form, and power their way into this season's finals. We all know that there isn't a team in the League that City cannot defeat, now is the time to demonstrate to one and all that the Zebras are indeed a force to be reckoned with.

Canberra

Canberra Cosmos has shown itself to be no pushover this season, and they probably arrived at Hindmarsh hoping to get at least a point. Well, as we all know now it was City's night, six goals to nil. Jason Petkovic played very well in goals, a point easily missed in a on-sided game. The other highlights included some great goals (Bradley Hassell's second was a ripper!), and a fabulous display by substitute Kosta Salapatsidis. Great stuff all around!

Newcastle

The best thing about the Newcastle game was the result. Winning is vital if we are to participate in the finals, and Damian Mori's two goals helped ensure a victory against The Breakers. Still, we could have had more, and after Newcastle had equalised I was a little nervous. Many of our

remaining matches are at Hindmarsh and it is vital that we win at home if we are going to get something out of season 1995-6.

Player of the Year Award

The player who shows the most determination and makes the biggest effort in City's home games this season will win the Zebra Player of the Year Award. This season's winner will receive a fabulous Ellesse sports watch from Voicodich Jewellers. Points for the game against Newcastle Breakers were: Damian Mori (3 points), Brad Hassell (2 points) and Craig Foster (1 point). Points for the game against Canberra Cosmos were: Craig Foster (3 points) Damian Mori 92 points) and Jason Petkovic (1 point).

FROM THE TERRACES

Let it be known that after watching the Newcastle game I made a prediction. There is life in the old dog yet, I firmly believe we have turned the corner. My prediction was confirmed against Canberra, where Wadeless, we made them look second rate. I would have given a few bob to be a fly on the wall in Canberra's changing rooms at half time. Micky Lyons I imagine would have been ropeable!

Speaking of Lyons, I noticed during the pre-match warmup he took individual players for specific exercises. The goalkeeper naturally was given direct shots and crosses while defenders were made to head away long, high

balls. Forwards were given instructions to practice close control and sprint work.

Whilst the result may say the warm up didn't work all that well, I thought it was a very pro-active approach from a coach whose team is not overly blessed with talent.

You have to say the Zebra was a hit, not only with the kids. I heard a few adults giving an opinion on what he should be named. Zabbie and Zoran were popular favourites, however out of respect of the great man, I don't think "Zoran" will stick.

Our loss to Brisbane was devastating to our fans but also hit our players pretty hard. It certainly shook us into action and to find that inner strength to lift our performances.

Adelaide City's tradition of playing better in the second half of the season has continued this year. We are playing better as a team but having said that, we are facing the scenario of more games in a short space of time and the likelihood of injuries will take it's toll! We will have to rely on the overall squad rather than the first 11 and emphasis will be on the younger brigade to stand up and be counted.

Of late, the team has had some good results and certainly playing better as a unit with more cohesion.

The next couple of weeks will be crucial to our final position on the table as we have some difficult encounters and must keep the momentum going. But don't worry we will be there.
